Summer Work and School Supplies

Teachers are currently working on preparing summer work (K-8) and supply lists for the 25-26 school year. The purpose of summer work is to help students retain the learning and growth that they have made throughout the year so that they are ready to hit the ground running when they return. To that end, it is better to spend time working on these assignments incrementally over the course of the summer rather than waiting until right before school returns to complete them. Summer work will be posted on SOTI Studies, and you should look at the grade level that your child will be entering in the 25-26 school year. For example, a current kindergarten student will complete the summer work for the rising 1st graders. At the end of the summer, the summer work is turned in to their new teachers. All summer work is entered as a graded assignment in T1.

Supply lists for the 25-26 school year will also be posted on the school website.

New Family Referral Program

Our current Incarnation families are by far the best ambassadors for spreading the word about our school! Our New Family Referral Program rewards current families with a one-time \$250 tuition credit for referring a new family who applies and enrolls. Here's how it works:

- If you know of a family that you believe may be interested in School of the Incarnation, complete the "New Family Referral Form" below and submit to the school office.
- Reach out to the family and share your experiences at School of the Incarnation. Share with them the reasons you have chosen Catholic education and why you think they should do the same. Let them know that you have or will refer their information to the school and that an admissions representative will call or email them to provide more information.
- For each new family that applies and enrolls at least one full-time student, a \$250 tuition credit will be awarded to the current referring family after the new student has been in attendance for 30 days.
- Siblings of current students and previously enrolled students do not qualify as new families. Staff members are not eligible for the referral credit.
- Note that this form must be on file in the front office before the new family has contacted the school on their own for information or to visit so it is best to submit the form as soon as possible after speaking with the new family. In other words, the referral form is not retroactive and you are not eligible for the referral if the family contacts school before the referral.
- This referral program is open to all families with students currently enrolled in PreK4-Grade 8.
- Referral fees are limited to one per family per academic year.
